Mathematics and Statistics

<http://www.hrpub.org>

Horizon Research Publishing, USA

Mathematics and Statistics

Mathematics and Statistics is an international peer-reviewed journal that publishes original and high-quality research papers in all areas of mathematics and statistics. As an important academic exchange platform, scientists and researchers can know the most up-to-date academic trends and seek valuable primary sources for reference. The subject areas include, but are not limited to the following fields: algebra, applied mathematics, approximation theory, combinatorics, computational statistics, computing in mathematics, operations research methodology, discrete mathematics, mathematical physics, geometry and topology, logic and foundations of mathematics, number theory, numerical analysis, probability theory, central limit theorem computation, sample survey, statistical modelling, statistical theory.

General Inquires

Publish with HRPUB, learn about our policies, submission guidelines etc.

Email: editor@hrpub.org

Tel: +1-626-626-7940

Subscriptions (Electronic Version Only)

Journal Title: Mathematics and Statistics

Journal's Homepage: http://www.hrpub.org/journals/jour_info.php?id=34

Publisher: Horizon Research Publishing Co.,Ltd

Publication Frequency: bimonthly

Electronic Version: freely online available at http://www.hrpub.org/journals/jour_info.php?id=34

Online Submission

Manuscripts should be submitted by Online Manuscript Tracking System (<http://www.hrpub.org/submission.php>).

If you are experiencing difficulties during the submission process, please feel free to contact the editor at submission@hrpub.org.

Copyright

Authors retains all copyright interest or it is retained by other copyright holder, as appropriate and agrees that the manuscript remains permanently open access in HRPUB 's site under the terms of the Creative Commons Attribution International License (CC-BY or CC-BY-NC). HRPUB shall have the right to use and archive the content for the purpose of creating a record and may reformat or paraphrase to benefit the display of the record.

Creative Commons Attribution License (CC-BY or CC-BY-NC)

All articles published by HRPUB will be distributed under the terms and conditions of the Creative Commons Attribution License (CC-BY or CC-BY-NC). So anyone is allowed to copy, distribute, and transmit the article on condition that the original article and source is correctly cited.

Open Access

Open access is the practice of providing unrestricted access to peer-reviewed academic journal articles via the internet. It is also increasingly being provided to scholarly monographs and book chapters. All original research papers published by HRPUB are available freely and permanently accessible online immediately after publication. Readers are free to copy and distribute the contribution under creative commons attribution-non commercial licence. Authors can benefit from the open access publication model a lot from the following aspects:

- High Availability and High Visibility-free and unlimited accessibility of the publication over the internet without any restrictions;
- Rigorous peer review of research papers----Fast, high-quality double blind peer review;
- Faster publication with less cost----Papers published on the internet without any subscription charge;
- Higher Citation----open access publications are more frequently cited.

Mathematics and Statistics

Editor-in-Chief

Prof. Dshalalow Jewgeni Department of Mathematical Sciences, Florida Inst. of Technology, USA

Honorary Editor-in-Chief

Prof. Ravi P. AGARWAL Department of Mathematics and Systems Engineering, Florida Institute of Technology, USA

Deputy Editor-in-Chief

Prof. Sergey Sudoplatov Sobolev Institute of Mathematics, Russia

Prof. Francisco Gallego Lupianez Universidad Complutense de Madrid, Spain

Prof. Irina Burova Mathematics and Mechanics Faculty, St. Petersburg State University, Russia

Members of Editorial Board

Prof. H. M. Srivastava Department of Mathematics and Statistics, University of Victoria, Canada

Prof. Veli Shakhmurov Faculty of Engineering and Architecture, Okan University, Turkey

Prof. Victor Leontiev Ulyanovsk State University, Russia

Prof. Birol Altın Department of Mathematics, Faculty of Science, Gazi University, Turkey

Prof. Emanuele Galligani University of Modena and Reggio Emilia, Italy

Prof. Serguei Pergamenchtchikov Laboratory of Mathematics Raphael Salem, Rouen University, France

Prof. Allaberen Ashyralyev Department of Mathematics, Faculty of Sciences, Near East University, Turkey

Prof. Semra Erpolat Taşabat Department of Statistics, Faculty of Arts and Sciences, Mimar Sinan Fine Arts University, Turkey

Prof. Olivier Olela Otafudu School of Mathematics, University of the Witwatersrand, South Africa

Prof. Leonid N. Yasnitsky Department of Applied Mathematics and Informatics, Perm State University, Russia

Prof. Wei-Kai Lai Division of Mathematics and Sciences, University of South Carolina Salkehatchie, USA

Prof. Megan M. Khoshyaran Research and Development Unit, Economics Traffic Clinic, France

Prof. Venera Tomaselli Department of Political and Social Sciences, University of Catania, Italy

Prof. Jay M. Jahangiri Department of Mathematical Sciences, Kent State University, USA

Prof. G. Donald Allen Department of Mathematics, Texas A&M University, USA

Prof. Maria Alessandra Ragusa Department of Mathematics and Computer Science, University of Catania, Italy

Prof. Kamal N. Soltanov Department of Mathematics, Faculty of Sciences, Ankara, Turkey

Dr. Debaraj Sen Department of Mathematics and Statistics, Concordia University, Canada

Dr. Antonio Maria Scarfone Institute of Complex Systems, National Research Council, Italy

Dr. Vadim Kryakvin Southern Federal University, Russia

Dr. Evgeny Maleko Department of Mathematics, Magnitogorsk State Technical University, Russia

Dr. Azam Imomov Faculty of Physics and Mathematics, Karshi State University, Uzbekistan

Dr. Marius Rădulescu Institute of Mathematical Statistics and Applied Mathematics "Gheorghe Mihoc-Caius Iacob", Bucharest, Romania

Mathematics and Statistics

Call for Papers

Mathematics and Statistics is an international peer-reviewed journal that publishes original and high-quality research papers in all areas of mathematics and statistics. As an important academic exchange platform, scientists and researchers can know the most up-to-date academic trends and seek valuable primary sources for reference.

Aims & Scope

- Algebra
- Applied Mathematics
- Approximation Theory
- Combinatorics
- Computational Statistics
- Computing in Mathematics
- Operations Research Methodology
- Discrete Mathematics
- Mathematical Physics
- Geometry and Topology
- Logic and Foundations of Mathematics
- Number Theory
- Numerical Analysis
- Probability Theory
- Central Limit Theorem Computation
- Sample Survey
- Statistical Modelling
- Statistical Theory

Manuscripts Submission

Manuscripts to be considered for publication have to be submitted by Online Manuscript Tracking System(<http://www.hrpub.org/submission.php>). If you are experiencing difficulties during the submission process, please feel free to contact the editor at submission@hrpub.org.

Submit your paper at http://www.hrpub.org/journals/jour_submitmanuscript.php?id=34

Available Online http://www.hrpub.org/journals/jour_info.php?id=34
